

I hope you are doing well. I am excited to finally share our completed project with you. The goal of our project was to create an inviting and informative area where parents can access information on community resources as well as information on school events. Our updated community resources flyers and brochures are available in English and Spanish when possible. We have information on parenting support, nutrition services, housing assistance, counseling, etc.

We could not have done this project without your support.

# THANK YOU!
