

We're finally recycling again at Bordewich Bray!! With restrictions being lessened and more opportunities for students to help around the building, we're finally putting the Bordewich Bray recycling mini rant to use! 4 students each week have been collecting our classrooms' recyclable items. The students are eager to help out and enjoy participating in such a useful job around the school. They remind their classmates, and their teachers, the importance of recycling.

We appreciate the foundation's support in our school's recycling program. Thank you for our Recycling Team vests and clean-up gloves!

Kristina Britt, MS, CCC SLP Speech Language Pathologist Bordewich Bray Elementary
